Systemic report "Combatting raidership: current state and recommendations"	To prepare and approve the protocol determining the structure and format of the information files to be transferred and accepted through information interaction of information systems of the State Registry of Real Rights Over Immovable Property and the State Land Cadastre according to Clause 10 of the Resolution of the Cabinet of Ministers of Ukraine No.509, dated 12 July 2017. The respective technical protocol, inter alia, shall aim at creating technical opportunities for providing the state cadastral registrars with the information about the registered real rights over immovable property by granting direct access to the State Registry of Real Rights Over Immovable Property and entering data about owners and/or users of the land plot in the data recorded with the State Land Cadastre. Cabinet of Ministers of Ukraine Ministry of Justice State Service of Ukraine for Geodesy, Cartography and Cadastre	<b>Implemented</b> — comments: Informational interaction became fully operational starting from mid-November, 2017. From the practical standpoint, it means, in particular, that now cadastral registrars are finally technically able to access information on ownership or lease of a particular land plot through direct access to the Register of Rights. In addition, when the state registrar makes certain changes to the Register of Rights, the data of the relevant land plot is being automatically synchronized with the Land Cadastre
