Systemic report "problems with cross-border trading in Ukraine"	To adopt amendments to the Customs Code to implement post-clearance control procedures. The main idea is to transfer control from the customs declaration stage to the stage after the release of goods for free circulation. State Tax Service of Ukraine	In process — comments: The CMU has submitted to the VRU the Draft Law "On amendments to the Customs Code of Ukraine (regarding certain issues of the implementation of Chapter 5 of Section IV of the Association Agreement between Ukraine, on the one hand, and the European Union, on the other hand)", registered on 29 December 2017, No.7473, which, in particular, provides for the introduction of a new form of control - post-clearance control.
	To reduce the number of inspections during customs control and clearance of goods in the national system of customs standards; strengthen the role of risk management and post-audit control. State Tax Service of Ukraine	In process
	To reload the post clearance control system in Ukraine and provide effective coordination, planning, implementation and execution of the procedure according to Arts. 345-354 of the Customs Code, put in place the appropriate database, audit schedule, tracking system, and so on.
